Outdoor Vertical Digital Signage

Outdoor freestanding digital signage is a weather-proof, self-standing display built for high-brightness visibility in direct sunlight. Its IP65-rated enclosure, anti-glare tempered glass, and sturdy base withstand rain, dust, and wind, ideal for sidewalks, malls, and transit hubs. It delivers vivid 24/7 advertising, wayfind-ing, and public information with remote content management and real-time monitoring. Energy-effi-cient LED backlighting and automatic brightness adjustment ensure clear readability day and night, with easy installation and low maintenance.
